Police officers save the life of British woman

● Officers forced their way into her home and found her in a critical condition. See Page 3

NEW REPORT

“Women inferior to men...”

● One in five people around the world believe women are inferior to men and should stay at home, and that men are more capable in the workplace and at school, according to a global survey released yesterday. Nearly all of the 17,550 people surveyed agreed that men and women should have equal rights, but three in four respondents said women still experienced social, political and financial inequality.
