## THREE KINGS ARRIVE IN PALMA IN STYLE

The Three Kings arrived in Palma last night bringing joy to thousands of people. The parade this year has been scaled back over Covid fears.

# “VACCINE IS THE BEST PRESENT YOU CAN GET,” SAYS BALEARIC PRESIDENT

*Palma.*—The President of the Balearics, Francina Armengol, said that the Covid vaccine was the best Three King’s present anyone could get. She was speaking as thousands of children across the islands are being vaccinated. “Do it for you, do it for all of us,” was her message on social media yesterday.

She said that the booster jab was also readily available. The Balearic govern-

ment has put great faith in the vaccination programme and passport. All restaurants, bars and cafeterias now demand the Covid passport.

Armengol’s message yesterday came as the number of Covid cases in the last 24 almost reached the 4,000 mark. In the last 48 hours there have been almost 8,000 new cases.
